

Youth Ministry

Love God. Love Others. Make Disciples.

Dear Parents,

In just the past school year, the Youth Ministry Core Team has witnessed all kinds of interpersonal relationships being formed, relationships with God being the most profound. God often reveals himself through our relationships with our friends and mentors; and it is his presence in these relationships that makes them perfect. Whether it's through building pillow forts and catapulting marshmallows at each other, singing songs of praise during After Hours, or worshipping together at Eucharistic Adoration, our teens at Ascension Chinese Mission are sharing in the joy of being part of a community that is centered around Christ. As we look at our year in review, we are beginning to see the fruits of Youth Ministry, and our teens are getting a head start in deepening their faith.
